

Overcoming Spiritual Blindness

We are all apprentices with one Master: Jesus Christ

We are not know it alls. We have to be able to examine critical and superficial judgments we make about other people and God. (Overcoming pride through humility and praying for wisdom)

Making more room for compassion (many people know something is wrong...we have to show them how to move into the light)

Don't compromise the Truth.

Meditation by Pope Francis (will share as soon as I get my book back)
